Method

- Preheat oven to 160 *C (320*F) Fan.
- In a food processor add the flour, 1 tablespoon sugar, salt, and the margarine cut into cubes. Process until the mixture resembles breadcrumbs.
- Add the egg yolk and the cognac. Process until the mixture turns into a smooth and elastic dough.
- Remove the dough and separate into small pieces, 10 g each. Shape into small balls.
- On a clean working surface, shape each small ball into a breadstick with your hands (try to make them as similar as possible so that they can all take the same amount of time to bake).
- In a bowl, add water and 2 tbsps. sugar. Mix until the sugar dissolves. Put the seeds in another bowl.
- Dip the breadsticks into the water first, and then roll them in the seeds.
- Place the breadsticks onto 25x35 cm baking sheets. Bake for 35-40 minutes.
- Remove from oven. Allow to cool on the baking sheet. Serve.
