## Method

### For the syrup

- In a saucepan, add all of the ingredients for the syrup apart from the honey. Place over heat and bring to a boil.
- Keep in mind that you have to prepare the syrup 3-4 hours ahead of time so that it can be completely cool by the time the cookies are ready.
- As soon as the syrup comes to a boil, remove from heat and add the honey. Mix and allow the syrup to cool completely.

### For the cookies

- Preheat oven to 190\* C (374\* F) Fan.
- In a bowl, add all of the ingredients apart from the flour. Whisk.
- Add the flour in batches and mix with your hands until you create an elastic and quite oily dough.
- Shape the cookies evenly - 3-4 cm in diameter and 30 g each.
- Gently press down on each of them with a spider utensil to give them a nice shape and pattern.
- Bake for 20-25 minutes until crunchy and golden.
- When ready, immediately drop them in the cool syrup and let them soak for 10-15 seconds.
